github.com/Jonard14

Developer

Calamba City, Laguna, Philippines

in linkedin.com/in/jonard-cyrus-francisco/

PERSONAL BACKGROUND

Computer Science Graduate with expertise in Python, full-stack development (HTML/CSS, Flask, ASP.NET), and AI systems. Developed deployed solutions including health tech platforms and educational tools, certified in cloud technologies (AWS, Google Cloud) and AI fundamentals. Seeking roles to apply technical skills in software development or data-driven projects..

WORK EXPERIENCE

Process Engineer

STMicroelectronics, Inc. Calamba

April 2025 - July 2025

EDUCATION

Mapúa Malayan Colleges Laguna

Bachelor of Science in Computer Science

2020 - 2025

Colegio de San Juan de Letran - Calamba

Senior High School - STEM Strand

2018 - 2020

Colegio de San Juan de Letran - Calamba

Junior High School and Senior High School

2014 - 2018

ACHIEVEMENTS

o Dean's Listers 1st Term A.Y. 2022 - 2023

o Best in Math

S.Y. 2014 - 2018

o Best in Conduct

S.Y. 2017 - 2018

o Participant of Metrobank Teachers Association of the Philippines (MTAP) DepEd Mathematics Challenge

S.Y. 2016 - 2017

SKILLS

- o Python
- o C#
- o Mobile Dev (Xamarin)
- o Web Dev (HTML, ASP, Flask)
- o Game Dev (Unity)
- Assembly
- o Tools: Github, VS Code, Postman, Power BI, Excel

CERTIFICATIONS

o "Applied Data Science: From Raw Data to Real Insights" Workshops:

Data Foundation & Pipeline Building,

Exploratory Analysis & Visualization, Predictive Modeling & Machine Learning, **Model Evaluation & Business Impact**

| SET Certification Issued July 2025

- o Employability Skills Job Ready | Wadhwani Foundation Issued May - July 2025
- o 7QC Tools Training | STMicroelectronics Inc. Calamba Issued April 2025
- o Power BI Training | STMicroelectronics Inc. Calamba Issued April 2025
- o Artificial Intelligence Essentials V2 | Coursera Issued March 2025
- o CompTIA IT Fundamentals (ITF+) Certification | CompTIA Issued July 26, 2024
- o TOEIC Listening & Reding Score: 820/990 | TOEIC Listening: 440/495 | Reading: 380/495 Issued January 2025
- o TOEIC Speaking & Writing Score: 310/400 | TOEIC Speaking: 140/200 | Writing: 170/200 Issued January 2025
- o AWS Academy Graduate AWS Academy Cloud Foundations | Amazon Web Services (AWS) **Issued November 2023**
- Google Cloud Skills Boost Certifications:

Prepare Data for ML APIs, Baseline: Data, ML, AI,

Set Up an App Dev Environment,

Baseline: Infrastructure,

Build a Secure Google Cloud Network, Automate Deployment and Manage Traffic, Implement Load Balancing,

Google Cloud Essentials Google Cloud Skills Boost

Issued September 2023 - October 2023

PROJECTS

Personal Portfolio - https://jonard-francisco.vercel.app

July 2025

- o Designed and developed a responsive portfolio website using HTML and CSS to showcase projects and skills.
- o Deployed and hosted on Vercel for fast, global accessibility.

Leveraging Deep Learning-Based Neural Network and LLMs **Enhanced** BMI Measurement and Health Recommendations (AINA: Personalized Health Recommendation System)

October 2024 - July 2025

o Developed and implemented a system using deep learning and LLM techniques. The features are height and weight estimation using image processing and deep learning, personalized health recommendation generated by LLM to consider its factors like BMI, preferences, and dietary restrictions, and lastly, improved accessibility of BMI assessment and nutritional guidance.

NutriTrack: A Personalized Nutritional Tracking App

December 2023 - July 2024

- Developed a mobile application to monitor dietary intake and nutritional content. The features implemented are user-freindly interface for effortless data input, a database storing nutritional information, a food dairy to log consumed foods, and tracking crucial health parameters such as sugar and sodium.
- Contributors: Jonard Cyrus Francisco, Vincent Luis Nueva España, Leonard Reshley Tiangsing, Gerico Tolayba, Emman Torrecampo, Gabriel Edward Owel Villamor

Jumping Jack

March 2024

- Developed a single-player 2D platformer game for game development course. The game challenges players to reach the top of the tower as quickly as possible with a database implemented to record and display the top 10 fastest completion times.
- Contributors: Jonard Cyrus Francisco, Marvin Christianelle Nievera, Leonard Reshley Tiangsing, Gerico Tolayba, Gabriel Edward Owel Villamor

Coin Detection in Education: Fostering Financial Literacy through Technological Learning

November 2023

- Developed a coin detection through image processing techniques using OpenCV and CVZone libraries to cultivate financial literacy in an education context.
- Contributors: Jonard Cyrus Francisco, Marvin Christianelle Nievera, Leonard Reshley Tiangsing, Gerico Tolayba, Gabriel Edward Owel Villamor

Pinoy Feast

June 2023

- Developed a mobile application with Xamarin for "Pinoy Feast" which showcase of various Filipino food from different provinces and their history. The app displays random food upon opening and allows users to browse a list of foods and view its content, and the ability to manually show or hide content via database updates.
- Contributors: Jonard Cyrus Francisco, Zoe Aleczandra Pineda, Leonard Reshley Tiangsing, Gerico Tolayba

Movie Booking

June 2023

- Developed a website for movie booking which allows users to reserve seats, buy food and drinks, and pre-order. This system includes both administrators to manage movie information and sales reports, and customers to manage reservations and transactions.
- Contributors: Jonard Cyrus Francisco, Chanelle Melegrito, Zoe Aleczandra Pineda, Gerico Tolayba
