

SET CERTIFICATE OF TRAINING COMPLETION

Data Science Workshop

This is to certify that

Jonard Cyrus S. Francisco

has successfully completed the workshop on

Predictive Modeling & Machine Learning

conducted on July 19, 2025

Successfully completed comprehensive training in machine learning algorithms for classification and regression problems. Demonstrated proficiency in model evaluation, validation, and performance optimization techniques. Mastered building and tuning predictive models using real business data with hands-on application of advanced ML methodologies.
